

Pay Tribute to Your Ancestor

By Donating Pilgrim Memorial Flowers

For the Mayflower Society's Rose Parade® Float

"The Voyage of Hope - 1620"

Memorialize your Pilgrim Ancestor as we sail down Colorado Boulevard on January 1st 2020.

Harvest-toned and white roses, light blue and dark blue irises, and dendrobium orchids will be adorning *The Voyage of Hope - 1620* float on New Year's Day. Each delicate flower will be carefully placed in a vial of water to endure the trip along the parade route. Then each one will be inserted by hand on the float to create a stunning representation of the Mayflower ship in Cape Cod harbor, the Landing on Plymouth Rock and the Harvest colors of Thanksgiving.

There are two ways to donate. For \$16.20, you can just put the name of your Pilgrim or someone special you'd like to dedicate a flower to. In this case, there are only 20 characters maximum to put on the vials. Or, for \$20.20, you can include not only a name for the vial, but you can put a memorial dedication to them - up to 400 characters. The dedication will be posted on our 2020 and State Facebook pages for folks to read your special dedication. Do it today for your memorial to be part of this remarkable 400th Anniversary Commemoration, as time is very limited. We have only until December 26th to dedicate flowers.

Millions of people will be watching the parade and over 100,000 will view the floats up close following. Which Pilgrim will you send on this voyage? Which family member will you honor? You can purchase them online at www.camayflower2020.com/shop. We will need all of the dedications by December 26, 2019 to be a part of the Mayflower Society's 400th Anniversary of the "Voyage of Hope - 1620!" You will have the opportunity to write your name/s when you pay. Only one name per flower vial, please. If you want to honor more than one Pilgrim or family member, please add to your donation in \$16.20 or \$20.20 increments and we will place all of them on the float.

Thank you for your generosity.
